NON-FERROUS SMALL PARTS for the Aircraft Industry

On the left is our COMPRESSION RELEASE PLUG (Pat. No. 455109/467156) for Aero Engines during storage. A spring-loaded disc valve allows the engine to be turned over without loss of oil. This plug is made in 2 types—single and double acting—screwed 14 mm. x 1.25" and 18 mm. thread.

Write for our Engineering Catalogue of A.G.S. parts and Aircraft Accessories, post free.
